informed as early as possible and a risk assessment will be completed.

Staff, students, volunteers working directly with children, who are taking “off the shelf” or prescribed medication must ensure that this does not have an adverse effect their ability to provide childcare. Parents and Carers

If a member of staff has good reason to suspect that a parent/carer is under the influence of illegal drugs or alcohol when they drop off or collect their child, to the extent that the safety of the child is threatened, they have a duty to inform both the manager and the designated Safeguarding Lead, according to the provisions of the Child Protection Policy. In such circumstances, the manager and the Safeguarding Lead will then be responsible for deciding upon the appropriate course of action, ensuring that the safety and protection of the child remains paramount at all times. Staff will make all possible efforts to ensure that children are not allowed to travel in a vehicle driven by someone who is clearly under the influence of illegal drugs or alcohol. Where an illegal act is suspected to have taken place, the police will be contacted.
